## PROFILE SUMMARY

Frontend Developer with 10 months of hands-on experience in building responsive web applications using React.js. Skilled in integrating RESTful APIs and implementing modern UI/UX designs. Adept at writing clean, maintainable code and following best practices in an Agile development environment. Committed to delivering user-centric solutions that enhance overall application performance and usability.

## SKILLS

### Technical Skills

- Programming Languages – HTML, CSS, JavaScript, React Js, Redux, Java, Python
- UI/UX & Styling – MDBootstrap, Tailwind, CSS Grid, Flexbox, Responsive Design, Media Queries
- Others – Git, Agile Scrum, RESTful APIs, Performance Optimization

### Interpersonal Skills

- Soft Skills – Communication & Public Speaking, Adaptability, Teamwork, Problem Solving, Leadership
- Languages – English (⑧), Telugu (⑨), Tamil (⑧)

## PROFESSIONAL EXPERIENCE

### Frontend Developer Intern

July 2024 – May 2025

Pravyuha Tech Solutions LLP

- Created scalable admission dashboards and web applications using React.js for a school-serving SaaS platform, allowing for real-time student and admissions status updates.
- Increased system responsiveness by 35% by integrating more than 50 RESTful APIs to provide real-time synchronization of admissions data, staff and student data, and notifications.
- Designed and delivered 100% responsive UIs for web and mobile, increasing mobile usability score by 40% as measured via Lighthouse audits.
- Reduced page load times by 90% through advanced performance strategies: lazy loading, code splitting, and asset optimization.
- Integrated WebSocket APIs to efficiently handle real-time student tracking data, eliminating the need for repeated API calls. Implemented location-based notifications that update dynamically based on students' live locations.
- Collaborated with a team of 2 designers and 5 developers in Agile sprints, achieving 98% on-time delivery rate across 4 sprint cycles.
- Troubleshoot and resolved 80+ major performance bottlenecks, enhancing system scalability for future modules.

## EDUCATION

### Vellore Institute of Technology

Integrated MTECH in Software Engineering (CGPA 8.7/10)

Vellore, Tamil Nadu

08/2020 – 05/2025\

### Sri Sai Krupa Junior College

Class 12<sup>th</sup> (CGPA 9.42/10)

Dharmavaram, Andhra Pradesh

Graduation Year: 2020

### AP Model School

Class 10<sup>th</sup> (CGPA 9.2/10)

Dharmavaram, Andhra Pradesh

Graduation Year: 2018

## PROJECTS

### Medical Chatbot using GenAI | [Langchain](#), [flask](#)

Developed an AI-powered medical chatbot using Generative AI and LangChain to deliver accurate, context-aware health responses. Integrated a Flask-based frontend for real-time interactions with a secure and scalable backend.

### News Monkey Web Application using ReactJS | [React Js](#)

Engineered a ReactJS web app using HTML, CSS and JavaScript to dynamically display personalized new content via NEWS API by using React Hooks, Props and React-Router-Dom, showcasing expertise in front-end development and API integration.

## CERTIFICATIONS

- Microsoft SC-900 (06/2023 - 07/2023)
- Web Development (04/2023 - 05/2023) – Lets Grow More
